

**PARENT BILL OF RIGHTS FOR STUDENT
DATA PRIVACY AND SECURITY
THIRD PARTY CONTRACTOR SUPPLEMENT**

DeltaMath Solutions Inc. has been engaged by the City School District of Albany to provide services. In this capacity, the company may collect, process, manage, store or analyze student and/or teacher/principal personally identifiable information (PII).

DeltaMath Solutions Inc. will provide the district with access to deltamath.com and DeltaMath PLUS.

DeltaMath Solutions Inc. will ensure that subcontractors or others that the company shares PII with will abide by data protection and security requirements of district policy, and state and federal law and regulations by ensuring that they have detailed data security policies in place if and when DeltaMath Solutions Inc. should require their services (at present DeltaMath Solutions Inc. does not use subcontractors). DeltaMath Solutions Inc. by entering into an Agreement with the School District acknowledges it has reviewed the relevant District policies on safeguarding PII, including but not limited to, Policy 8635 and Regulation 8635.

PII will be stored on AWS servers in Ohio, USA and encrypted at rest.

Parents may challenge the accuracy of PII held by DeltaMath Solutions Inc. by contacting their children's teachers and/or support@deltamath.com.

DeltaMath Solutions Inc. will take reasonable measures to ensure the confidentiality of PII by implementing the following:

- Password protections – passwords are salted and hashed
- Administrative procedures – only employees trained in relevant privacy laws and procedures are given access to PII, and in that case only access in case of educational need
- Encryption while PII is in motion and at rest – data is encrypted at rest using AES-256 and in motion using TLS/SSL

The contractor's agreement with the district begins on 6/14/21 and ends on 6/30/25. Once the contractor has completed its service to the district, records containing student PII will be destroyed within two years out of service by being written out on AWS servers.
